Step 5: Report Card Policy

This is a new feature of the tutoring program! Our tutors want to have a better understanding of what subjects your student excels at and what subjects really need our attention. Tracking their academic performance will also let us know if our after-school tutoring is helping them or if we need to re-evaluate how we are supporting your child.

Please delivery a copy of last semester's transcript to your Tutor Coordinator during the first few weeks of the program. At the end of this first semester, we'll compare their new report card to the previous one and see what gains were made.

We also ask that you send us your student's end of the year report card in June 2011 so we can track the long term progress of your student.

Your student's INFORMATION WILL NOT BE SHARED with anyone who is not an instructor in Aim High's After School Tutoring Program.
